1

Eligibility Check

Once the round closes, there will be a week for eligibility checks and all eligible applications will be referred to an Evaluation panel for assessment.

2

Assessment

There will be **approximately 4 weeks** for the panel to meet, evaluate the applications and finalise the allocations.

3

Notification

Applicants will be notified of the outcome of their grant applications once the panel has concluded with their assessments. If successful, applicants will receive a funding agreement to be signed and returned to receive payment. **All applicants will be notified via email** as soon as possible following the assessment process.

PARTNERSHIPS

NCHCs can apply for this grant in partnership with other local Community groups, as long as the following criteria is met:

- The **Neighbourhood or Community House or Centre will take the lead role.** This will involve being the main contact for the project/program.
- They will also take on the **financial and legal responsibility** for the duration of the project/program.
- There will need to be evidence provided in the application form outlining the partnership arrangements (such as a letter of support). This will include clearly defining the roles of both partners and their contribution.

REPORTING

All successful applicants will be required to complete an online progress acquittal at the halfway point of their project, and a final acquittal upon completion.

These reports are an important part of ANHCA's grant accountability process, helping us understand how your project is progressing, any challenges you've faced, and the overall outcomes achieved. They should **only take 20 minutes to complete**. Each acquittal will ask questions about your project delivery, how participants were engaged, and any key learnings or reflections.

We'd love to see photos of your incredible community projects!

We strongly encourage every House/Centre to share photos that highlight your project, the people involved, and the wonderful outcomes of the grant.

Your photos can help the ANHCA team showcase the amazing impact of this grant across our national sector. By sharing your projects, you can inspire other Houses/Centres across Australia and possibly see your work featured on ANHCA's national platforms.
